

Wireless Office – Range Guide

Office phone system

Plantronics Voyager™ 510 System

Bluetooth enables your office phone and lets you use a single wireless headset with both your Bluetooth mobile phone & office phone.

With Plantronics multipoint functionality, you can seamlessly take a call from whichever phone rings.

Ideal for people that use a mobile phone extensively in addition to their office phone.

Office phone system

CS60 & CS60 Micro™

Provides wireless, hands-free convenience for your office phone.

Offers the best range and sound quality for the most effective way to use your phone whilst away from your desk telephone.

For open-plan offices the CS60 with its noise-cancelling microphone is recommended. For quiet environments such as a private office, the CS60 Micro is an even more discrete alternative.

Computer

CS60-USB

Provides wireless, hands-free convenience for your VoIP Softphone- plugging straight into your PC via a USB connection.

Not only a great solution for Softphones, but also a great enhancement to speech recognition systems – increasing freedom to move around away from the PC.

DECT™ phone systems

C65

Designed to be registered to GAP² compliant DECT bases or wireless PBX's- ideal for home use or for the modern office.

Use within the home with your GAP² compliant DECT phone as an additional phone extension, to benefit from the convenience and freedom of hands-free phone calls.

Or in a DECT PBX equipped office, enjoy complete site-roaming.

Discrete, behind ear wearing style	Convertible wearing style - ear-loop or over head included. Behind neck optional accessory also available.		
15g	27.5g (23.5g for CS60 Micro)		
Up to 6 hours talk time	Up to 9 hours talk time		
Bluetooth	DECT wireless technology		
Up to 10m range	Up to 100m Range (50m in typical office)		Up to 100m Range with DECT phone or site-roaming with DECT cordless PBX
Remote call answering from headset & IntelliStand™ to automatically answer and end calls when headset is removed from the base (requires HL10 Lifter ¹)	Remote call answering for supported softphones, using PersonoCall™ software.		Call answering just like any other DECT handset extension.
Voyager 510 Headset System, Part Number: 67892-04 (UK), 67892-05 (Euro) Voyager 510 Desk Adapter, Part Number: 67891-14 (UK), 67891-15 (Euro) Voyager 510 Headset System + HL10 Lifter, Part Number: 67893-04 (UK), 67893-05 (Euro)	CS60 Part Number 36995-01 (UK) CS60 Part Number 36995-02 (Euro) CS60 Micro Part Number 36996-01 (UK) CS60 Micro Part Number 36996-02 (Euro)		C65/A Part Number: 36907-11 (UK) C65 /A Part Number: 36907-12 (Euro)

¹See HL10 details on other side, ²GAP is Generic Access Profile – most modern DECT devices are GAP

For all other systems please refer to the Product Compatibility tool on www.plantro.net

CS60-USB Compatibility

- CS60-USB will work on all computer applications as a wireless headset.

PersonoCall™ allows remote call answering via the headset for the following IP softphones:

- Avaya IP Soft Phone
- Cisco IP Soft Phone
- Comdial EP 200
- Pingtel Instant Expressa
- Skype Skype
- Xten Eye Beam (requires optional AP1)
- IP Blue VT Go
- Main Sequence Main Sequence
- ShoreTel ShoreTel5

Remote calls answering

With the HL10 handset lifter or our electronic hookswitch control devices, the CS60, CS60 Micro and Voyager system allow calls to be answered via the headset, even if away from the desk phone. IntelliStand allows automatic call answering when the headset is lifted out of the base/charging station for added convenience.

C65 Compatibility

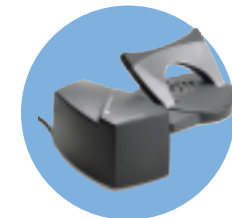

The C65 is compatible with the majority of GAP compatible DECT phones and cordless PBXs. The C65 has paired successfully and delivered excellent audio performance with the GAP compatible host systems tested to date – both phones and DECT PBXs.

DECT phones

Siemens Gigaset Micro
Philips Zenia
BT Diverse

DECT PBX systems

Sound Innovation™ for missions to the moon. And for everyday life on this planet, too.

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man..." From the man on the moon to the man on the street, Plantronics is an innovation leader dedicated to creating communication solutions for people who understand and appreciate the real freedom of space. From outer space to inner space, find your space.
